Bespoke Price List

APRIL 2025

www.tranterfunerals.co.uk

Every Funeral Director in the UK is legally required to provide bereaved families with a 'Standardised Price List' however the service you receive and the facilities a Funeral Director provides are not standard, therefore it is difficult to use this measure as a comparison. When comparing costs, it is important to consider the level of service you will receive and the standards of care and professionalism you and your loved one's deserve.

Unfortunately, the 'Standardised Price List' does not include or have provision to include some of the services Tranter's offer in our 'Traditional Funeral' which is why we have produced a more detailed price list.

Here at Tranter's, we believe that every Funeral we arrange and every family we have the privilege to serve is unique, this is why we have chosen to offer such a wide range of services.

L Tranter & Son is a family owned and run business that has been part of your community for 6 generations. As a totally independent family business, operating out of St Georges, Donnington and Newport (Evans & Tranter) we are committed to offering our clients a personalised cost effective service.

As members of The National Association of Funeral Directors (NAFD) and The Society of Allied and Independent Funeral Directors (SAIF) we have chosen to abide by their Codes of Practice which includes having our facilities regularly inspected.
